Kristin Hokanson  
Southeast Region  
Upper Merion Area SD  
[khokanson@umasd.org](mailto:khokanson@umasd.org)  
IU 14, 22, 23, 24, 25, 26

The Pennsylvania Association for Educational Communications and Technology is a statewide professional organization for all educators dedicated to promoting the use of technology in all environments. It provides support to K-20 educators and other professionals throughout the Commonwealth by nurturing the exchange of ideas, information, resources, and new developments in the field of educational communications and technology.

## PAECT Purpose and Mission

The general purpose of PAECT shall be to:

- (1) Connect and develop technology leaders throughout the Commonwealth.
- (2) Advocate for the effective use of technology in learning.

The official mission of the Association shall be to promote professional communications, professional development, and professional leadership in educational communications and technology in the Commonwealth.

## ■ PAECT History

The Pennsylvania Association for Educational Communications and Technology began as an organization in late 1989. To meet the needs of an expanded and diverse Instructional Design and Information Technology membership across the state, PAECT was formed as the state AECT affiliate.

PAECT and its members have spearheaded and supported educational initiatives both state-wide and in our local regions. In 2004, PAECT became one of the founding partners in the state-wide technology conference, PETE&C, providing the membership with a much wider set of offerings and networking opportunities. PAECT continues to be a driving force in this annual event.

## ■ PAECT Goals

To promote professional development in educational communications and technology.

To promote professional communications in educational communications and technology.

To promote professional leadership in educational communications and technology.

*Governor Edward Rendell views student projects at the PAECT Student Technology Showcase.*

## ■ PAECT Affiliates

ISTE, the International Society for Technology in Education is the trusted source in education technology for professional development, knowledge generation and advocacy. A nonprofit membership organization, ISTE provides leadership and service to improve teaching and learning by advancing the effective use of technology in PK-12 and teacher education. <http://www.iste.org>

AECT, the Association for Educational Communications and Technology provides international leadership by promoting scholarship and best practices in the creation, use, and management of technologies for effective teaching and learning in a wide range of settings. <http://www.aect.org>

NPAECT, the Northwest Pennsylvania Association for Educational Communications and Technology provides information about technology training and education. <http://www.npaect.org>

CoSN, the Consortium for School Networking is a national, non-profit organization that is the premier voice in education technology leadership. Its mission is to advance the K-12 education community's capacity to effectively use technology to improve learning through advocacy, policy and leadership development. <http://www.cosn.org>

## ■ PAECT Activities

PAECT is a co-sponsor of PETE&C, the Pennsylvania Educational Technology Expo and Conference. This state technology conference is a collaboration between PAECT, the Pennsylvania Department of Education, the Pennsylvania IMS Directors and the Pennsylvania Association of School Business Officials. <http://www.peteandc.org>

PAECT sponsors a Student Technology Showcase every spring in the Harrisburg State Capitol East Rotunda. Students and teachers from all over the state and from every grade level come together to share their technology projects. State legislators attend and spend time viewing projects and meeting with students. <http://www.paect.org>

PAECT continues to support NECC, the National Educational Computing Conference. This annual conference, presented by the International Society for Technology in Education and keyed to the National Educational Technology Standards, features hands-on workshops, lecture-format and interactive concurrent sessions, discussions with key industry leaders, and the largest educational technology exhibit in the world. NECC 2009 will be held in Washington, DC June 28 - July 1. <http://center.uoregon.edu/ISTE/NECC2009>

The PAECT website at [www.paect.org](http://www.paect.org) contains much information about PAECT, its six regions and the activities that it sponsors.

The PAECT Annual Awards Banquet is held to honor those who have made outstanding accomplishments or contributions in the field of technology.
